Other information:

The 35 FOOT SPEAR: Combat Archery Resources is the site Master Erik Erikson the Scout (DEM Combat Archery, Midrealm) maintains for combat archery *for the Middle*. It is a great resource that has lots of info. He has been updating it (again) adding more “how-to” style documents, with lots of pictures. It can be found at:

<http://www.havenholde.net/35footspear/> Please be aware that different rules apply in the Middle Kingdom though, and that not everything on this page will be applicable in Northshield.

Argent Lupus/White Wolf Meadery has instructions on building throwing maces and javelins:

They also sell a diversity of combat archery supplies and have many other informative articles - but please make sure the items you're getting fit within the rules of the Kingdom you want to use them in!
