**Event Staff:**

Event Steward: Toyaoka Katsuo - Toyaoka likes long walks on the beach and playing Star Wars Online. He likes to hit things and poke things. Lots of things. All... the things... like literally, anything. It's crazy. He has a cat; two cats. And he knows about electricity.

Assistant Event Steward: Hrodwyn Trollslayer – Hrodwyn also likes to hit things with sticks; usually big burly men that fall down and go boom. When she isn't poking people, she likes to poke cloth with a needle. She is Saxon and she knows it.

Feast Steward: Thomas du Crosby – Commonly known as Curly Tom, you should have seen his hair in college, likes to cook and has been cooking Svaty feasts for at least an age. Tom has been known to swash some buckles and to teach others how to do it too. Tom owns his own sausage press.

Royalty Liaison: Ellis mac Maurice - Eilis has participated in the SCA since 1996. She has been an officery type person for the majority of those years. People like to say doom at her when she walks into a room. Eilis was also Queen once but you probably knew that.
