

ADDITIONAL NORTHSHIELD SENESCHALLATE POLICIES

1. Inter-Branch Zipcode Transfers

All of the lands of Northshield belong to the Crown, who assigns the responsibility for managing these lands to local branches. When local branches wish to cede management responsibilities for portions of land (transfer zips to another branch) the process is handled by the Kingdom Seneschal with the approval of the Crown. The Kingdom Seneschal's ultimate recommendation will depend on the results of a poll of the affected paid members in the lands in question. The poll should be the responsibility of the branch getting the new lands, but if it is impractical then the Kingdom Seneschal will conduct the poll. A signed petition by a majority of the paid members in an area requesting transfer to a different branch negates the need for a poll.

2. Group Seneschal Contact Information

All members of the Seneschallate in Northshield, to include Forming Groups, Colleges, Full Status Groups, Baronies, Deputy Positions at the Regional Level and Deputy positions at Kingdom level will be required to allow phone-number or valid e-mail address or both to be published in all recognized and approved Kingdom information outlets such as the Northshield website and the Northwatch.

This policy will become a condition of Warrant for the position and will be effective July 1, 2009. Limitations on contact, such as no calls after 9PM are authorized and must be made known. It is encouraged that publication of all contact information, such as mailing address, be included.
